## About me

Young fashion technology student with a passion for pattern making with entry-level experience in design projects.

Self-motivated and adept at collaborating with creative teams to conceptualize and produce innovative work. Eager to gain more experience in the industry to set a creative tone and inspire unique ideas and concepts.

## Education

### Bachelor Fashion Technology

HoGent  
V. Vaerwyckweg 1  
9000 Gent  
2022-Present

### Creation & Fashion

Kunsthumaniora Brussel  
Chrysantenstraat 26  
1020 Brussel  
2017-2022

## Skills

- Creativity
- Flexibility
- Project management
- Willingness to learn
- Pattern Making
- Software Skills (Adobe InDesign, Adobe Illustrator + learning CAD & VStitcher)

## Experience

### Assistant Production

Paule Josephe

2022

- I assisted in the production of a collection of one-of-a-kind upcycled embroidered shirts & pants.

### Assistant Costume Designer & Production

Edward Twee

2019

- Designed and developed upcycled costumes for various characters.
- For each character and scene, I created a log of the number of costume changes to be made, including the number of versions of a garment that would be required due to damage such as blood.
